

Reasons to **Go Big** and make a **Big Impact**  
when you wear the Casual Day sticker on  
Friday, 6 September 2013

1. Casual Day is enjoyable, entertaining and valuable to society!
2. It supports the right of persons with disabilities to education, housing, training, accessibility, employment... in other words, full inclusion into society.
3. This year we **Go Big**, with big hair, big shoes, big glasses and a big attitude, to make a big difference to the world!
4. Funds raised from sticker donations provide material relief to persons with disabilities.
5. It's so easy and convenient to participate – all promotional material is supplied free-of-charge.
6. Disability can be sudden and devastating – and can touch any of us at any moment.
7. It's your chance to create a fun event in the office and boost morale.
8. R10 is a small donation to make, especially when you know it will really make a difference.
9. If nobody reaches out, nobody can be touched. Be the person who reaches out.
10. You can wear something that you will never otherwise be allowed to go out the front door in – like your big wig, your large pants, your massive tie, your humungous moustache, your mega-tiara, your outsize pyjamas. Or you can just wear a LOT of stickers, like ten or even twenty!

Come one, come all... To the **grandest** Casual Day of all

Join the **party parade**... Wear something **big** with **lots of brocade**

And don't **be** afraid... To wear something **hand-made**

Just wear a sticker or **ten**... To support the **activities**

Of **persons** with **disabilities**...

**Remember, remember... Friday, 6 September**
