

## MEDICALERT® CARES:

To respond to the crisis of the vulnerable members of our society, both adult and children, MedicAlert® has launched the UNCEDO Project that aims to provide MedicAlert membership and bracelets to these people. MedicAlert® will maintain medical records and ensure that Medical staff, in the case of emergency, will have access to the information needed to provide the best care for these members.

MedicAlert® works with support groups and has supported members of Cape Mental Health, Diabetes SA, Epilepsy South Africa and other vulnerable persons to become members. You can help MedicAlert provide MedicAlert membership and services to the vulnerable, providing peace of mind to carers, by donating R200 and receive an exclusive 2012 MedicAlert Diary. Donate [now](#)

MEDICALERT® CARES ABOUT SENIOR CITIZENS At MedicAlert® we know that You'll do everything you can to protect and care for a loved one suffering from Dementia, but you can't always be there. Unfortunately, six out of 10 people with Dementia will eventually wander. You can't know when it will happen, but MedicAlert® in partnership with [Dementia SA](#) has developed a special bracelet to support our members. Membership is also available to the Carer at a reduced cost. Order [now](#)

## MEDICALERT® CARES ABOUT OUR SERVICES TO MEMBERS

As part of our commitment to our members, MedicAlert® provides capacity building and information sharing opportunities to paramedic staff and first responders. Your support will equip us to enable more emergency staff to provide the best response to our members. Invest in up-skilling our partners and making sure that we are working in an enabling environment!

Donate [now!](#)

The Board of Trustees and Staff members are committed to supporting the millions of vulnerable children, youths and the aged in South Africa. And in regard to this issue MedicAlert® has provided 3000 previously disadvantaged South Africans membership annually. The support groups identify the communities suffering most serious cases of poverty and who have the greatest need, and MedicAlert® provides the membership and services to the beneficiaries.

**To date the biggest contributions towards the Uncedo Project have been made by the present members of MedicAlert®.**

- Invest in our children (OVC)
- Help to upgrade our equipment
- Support the Aged and give support to Carers

By giving a donation to MedicAlert®, you are helping us to protect someone's life.
